GORLIZ, WHERE
EVERY MOMENT*

Walk by the sea

Enjoy a relaxed walk by the seaside with your four-legged companion. Start from the sandy shores of Gorliz Beach, continue along the seaside promenade between the pine forest and the shore, observe the petrified dunes of Astondo, and let the Cantabrian breeze accompany you.

This route is perfect for peaceful mornings or sunsets by the sea.

During the low season, you can enjoy the beach even more with your dog, always respecting local schedules and municipal regulations.

BEACH ACCESS WITH DOGS

OUTSIDE THE BATHING SEASON
(from October 1 to May 31): no time restrictions.

Access with animals is regulated according to the municipal ordinance. During high season (June to September), pets are not allowed on the beach, but the rest of the year it is open to everyone. Always keep your dog under control, use a leash in crowded areas and pick up droppings.

PLANS

Green Areas and Peaceful Walks

The seaside promenade is the ideal starting point: shade, benches, fountains, and direct access to the pine forest.

There, you can walk surrounded by the scent of the pines and the sound of the sea, a perfect setting to unwind without straying far from the town center.

PLANS

Routes and Excursions

From Gorliz Beach, trails lead into landscapes of cliffs, viewpoints, and forests.

The route to the Gorliz Lighthouse offers panoramic views over the Cantabrian Sea, while the path toward the ruins of the Askorriaga fort is a classic for those seeking a more demanding and photogenic walk.
